

Project Demo Planning

Date	1 July 2026
Team ID	
Project Name	Smart Lender
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduced Smart Lender, project objective, and loan approval prediction problem.	1	Lalasa Annam
2	Solution Overview	Explained dataset, preprocessing, model training, architecture, and prediction workflow.	1.5	Lalasa Annam
3	Deployment and live demo	Demonstrated the deployed Smart Lender application on Render and explained the application flow.	2	Lalasa Annam
4	Results and conclusion	Demonstrated approved and rejected predictions with confidence score and concluded with future enhancements.	0.5	Lalasa Annam

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduced Smart Lender, project objective, and loan prediction problem.
2	Solution Overview	Explained dataset, preprocessing, architecture, model training, and prediction workflow.
3	Deployment and live demo	Demonstrated the deployed application on

		Render, entered sample inputs, and showed prediction results with confidence score.
4	Conclusion	Summarized the project and discussed future enhancements such as database integration, user authentication, and advanced analytics.
